

Dear Friends,

Joyful greetings from the Miqlat Family!

I hope your 2019 is filled with joyful learning, abundant opportunity, pleasure and delight in all your endeavours. It is again my absolute pleasure to share few updates about the ministry. But before I do that, I want to take this time again to thank each of you that takes time to read our news, reach out to us in varied ways, encourage us and support us through giving and prayers. Though we don't always get to thank you as often as we should, please know we are very grateful and we name in our prayers.

With the dawn of 2019, we have embraced new challenges, new adventures and many new opportunities. We are excited of the many breakthroughs ahead. We are also very happy for the ongoing construction of the top floor. We hope to finish before the rainy season sets in. Once that is completed, we will finally have our own auditorium and conference hall. All through this season of building construction, God has really taught each one of us what it really means to be fully dependent on Him. It's been a very strenuous journey but a completely worth one.

The day and month, when the world celebrates love, we celebrated love for each other as a team and for ourselves in the form of a retreat to refresh and be encouraged to love more, give more, do more and go more. Grateful to Visasieü Dolie and Santi keyho for sharing this day with us.

It was again a blessing to witness one of our own girl get married. It was a simple beautiful wedding. Thank you for your support and prayers for her. Continue to do as she embrace a family of her own. International Women's Day brought together over 80 women and a handful of men to celebrate, share, encourage and inspire to keep going. Grateful to Colo Mero, Nirie and Vizho for blessing us with time and gift this day.

One of the women we work with lost her house in a fire two weeks back. Everything happened in a blink of an eye that her family was not able to safe anything. For a family with five children struggling to meet ends each day, losing all they have is the hardest thing. We are grateful to the many people who came forward to support, show love and care for the family at this time of their biggest need. With the help of so many people, they have started build their house again. Through this tragedy, we are reminded again that God cares and that He always provides in ways we don't understand many times. Pray for the children and the family that this tragedy will also bring them closest to God.

We are sad to see two of our staffs leave but excited for the next season of their lives. **\*Join us in prayer that God will bring in right people to fill in the places needed for the next season. \*Pray for wisdom, grace, patience and so much love for me and my team as we battle unseen challenges each day together with the girls in their journey as well as our own. \*Pray especially for strength, wisdom and patience to understand and love the new girls God keeps bringing to us. \*Continue to pray for**

timely resources to finish the building. \*Pray for clarity, renewed vision and courageous leadership to take the ministry through the next season. \*Pray also for our upcoming Good Friday and Easter Sunday camp.\* Pray for courage, favor and right judgment as we await the court hearing of one of the girl on the 4<sup>th</sup> of April. \*Pray for health and strength as we work under pressure to meet all the business orders and deliver the goods on time. \*We have 40 children under the Education Support program and 32 sponsors generously sponsoring their education. Pray for both the students and the sponsors.

**BELOW IS A GLIMPSE OF THE PROGRAMS WE HAD, BOTH BUILDING CONSTRUCTION AND TAILORING UNIT WORK IN PROGRESS**

Once again, thank you for taking time to read. Thank you for trusting us enough to invest your prayers, support and resources upon us. Thank you for always been there to encourage, pray, advice, support, criticise, provoke and just laughing and loving us. You make us want to become better and do better each day. Thank you for always giving us the extra push we need time and again.

**THE GREATEST BLESSING IN THE WHOLE WORLD IS BEING A BLESSING. SO STAY BLESSED AND BE A BLESSINGS!!!**

In His Service!

Asha Sanchu & Team
